

# Provider Grades for Connections Education of Florida, LLC

Connections Education of Florida has been an approved provider in Florida since 2009-10. We were initially approved as a provider under the name Florida Connections District VIP until 2017-18. We received a Florida grade in the most recent grades released by the Department and were not disqualified pursuant to Section 1002.45(8), Florida Statutes.

Connections Education of Florida provides school grade information in the table below.

In the fourteen years since we began providing services, our program has received the following letter grades:

\* Connections Education of Florida LLC did not serve any students that would fall under any of the accountability categories. Through contractual agreements, Connections Education of Florida did serve virtual public charter school students. As public charter schools, they have their own accountability metrics and are not considered as part of the VIP program and thus are not included here.

\*\*Connections Education of Florida LLC served less than 10 students that would fall under any of the accountability categories. Through contractual agreements, Connections Education of Florida did serve virtual public charter school students. As public charter schools, they have their own accountability metrics and are not considered as part of the VIP program and thus are not included here.

\*\*\*School grades were not assigned for the 2019-20 school year.

\*\*\*\*For the 2018-19 program, there were only two categories with sufficient student rates. There were twelve students that were included in these ratings.

\*\*\*\*\*Incomplete based on not meeting the 95% state test participation requirement. The actual test participation rate was 85%.
