Connections Education of Florida has been an approved provider in Florida since 2009-10. We were initially approved as a provider under the name Florida Connections District VIP until 2017-18. We did not serve any students that would fall under any of the accountability categories, and therefore did not receive a Florida grade in the most recent grades released by the Department. Through contractual agreements, Connections Education of Florida did serve virtual public charter school students at Florida Connections Academy and Coastal Connections Academy.
